## VOLUNTEER EXPERIENCE

Tech Expo 2019

Participated in Tech Expo 2019 in Parul University. Here, i worked as a volunteer and have been a helping hand in contributing the Tech-Expo 2019.

## ACADEMIC PROJECTS

JSON COMPRESSION (PRZON) (03/2017 – 08/2018)

PRZON is a lightweight, text-based, language-independent data interchange format. It was derived from the JSON. PRZON can use with any type of json. In json so many object their have many keys and most of json have all keys are common and we have to write all keys that increase size. So in PRZON we don't have to write all common keys at all objects. In PRZON we have to write common keys of all object to only one time. Category:Parser Technologies:Python
